KAMIAH

In previous school settings, Kamiah struggled with behavioral issues. It wasn't until Pace that she found her footing and reclaimed her mental health. "Mental health is one of the most important things in the world, without your mental health being stable, nothing else in your life is going to be stable. Pace provides so much support. When you're here, you build a family. It's a comfortable space where you can talk to people."

Reach Program Services

Pace Reach is a therapeutic and counseling program offering social, emotional, and behavioral health and support services for girls ages 11–17 and their families. Reach therapists provide services in their home, school, community or online.
