## OLIVIA

"I came to Pace for the first time in 2018 after I was struggling academically and with some negative peer influences. I came back a second time in the Fall of 2020, when I was really ready to make positive changes in my life. I wasn't sure I would graduate, but I was motivated to become the best version of myself. Thanks to the staff at Pace, I learned how to advocate for myself, accept myself, and take personal responsibility for my actions and choices. I am proud to say I maintained straight A's for the entire school year and I completed my graduation requirements at the end of the summer term. I have a job and will be starting college and plan to get a degree in the science field."
