SARAH

Sarah is a fierce protector of her family and is a natural born leader. She can think fast, is solutions focused, and action oriented, which has caused her to occasionally clash with authority figures. While enrolled with the Pace Reach Counseling Program in Macon, Sarah learned about her own personal communication style, and how she shows and receives love to friends and family. She recognized her protective instinct and realized it stems from watching her family struggle with poverty, the absence of a father figure, and witnessing her mother in an abusive relationship. “Pace has caused me to think a little deeper about what I’m thinking and why I’m thinking it. It’s hard, but I like it.”
