

# FAST FACTS 2026

Pace envisions a world where all girls and young women are safe, have economic security and an opportunity to use their voice in shaping their future.

Pace Center for Girls provides a safe and supportive environment for girls to build healthy relationships, plan for their future and overcome histories of trauma. All girls, regardless of their background, deserve an opportunity to become strong, compassionate and successful women. When properly supported, all girls have the power to achieve their vision of success, which leads to positive outcomes for themselves, their families and communities.

## IN HER WORDS

### JA'NAYE

“ If you had asked me five years ago where I'd be, I wouldn't have said 'graduating early.' I probably wouldn't have said 'graduating' at all. When the pandemic hit, the world stopped just as I needed it to keep going. I was already struggling with school, anxiety, and finding my place in a house with seven siblings. Graduating proves stories don't end where they break. With the support of Pace, I found a new path forward. Kids like me—kids from loud, loving, all-over-the-place families—can do hard things. We can be first, and we can be the example for those who follow.”
