FAST FACTS 2023

Pace envisions a world where all girls have POWER, in a JUST and EQUITABLE society.

Pace Center for Girls provides a safe and supportive environment for girls to build healthy relationships, plan for their future and overcome histories of trauma. All girls, regardless of their background, deserve an opportunity to become strong, compassionate and successful women. When properly supported, all girls have the power to achieve their vision of success, which leads to positive outcomes for themselves, their families and communities.

ASHLEY

When I first started at Pace I was in a bad spot. My mom went to jail, and I had to move in with my grandma. Everyone at Pace made me feel welcome from day one. They treated me like family and were always there to help. When I got pregnant, I didn’t think I would finish high school, but the team at Pace gave me the support and courage to reach my goal of graduating on time. I walked the graduation stage with my son in my arms. I am very thankful for Pace. They changed my life and helped me grow into the woman I am today.

“After graduation, I plan to study Early Childhood Education. I’d tell my younger self and fellow graduates: your dreams are possible. Remember to stay focused, and most importantly, don’t let anyone tell you that you can’t do something – because you can.”
